Table 1 New address variables created from Land Registry PPD and Domestic EPC datasets

Variable	Create method	Dataset
ADD1	Capitalised the all the string in ADDRESS1, then remove leading and trailing whitespace	Domestic EPCs
ADD2	Capitalised the all the string in ADDRESS2, then remove leading and trailing whitespace	Domestic EPCs
ADD3	Capitalised the all the string in ADDRESS3, then remove leading and trailing whitespace	Domestic EPCs
ADD	Capitalised the all the string in ADDRESS, then remove leading and trailing whitespace	Domestic EPCs
ADD2NEW	Delete the '-' in the ADD2	Domestic EPCs
ADDC	Delete all the '/' , ' .', ''' punctuation characters and blank space in ADD	Domestic EPCs
ADDU	Delete the 'UNIT ' string in the ADD, then delete all the comma and blank space	Domestic EPCs
ADDC3	Delete the comma in ADDC	Domestic EPCs
ADDCC	Delete all the '-' , '/' , ' .', ''' punctuation characters and blank space in ADD	Domestic EPCs
ADDCCC	Delete the comma in ADDCC	Domestic EPCs
ADDC4	Delete all the '/' , ' .', '-' punctuation characters and blank space in ADD	Domestic EPCs
ADDC6	Delete all the ''' , ' ,' punctuation characters and blank space in ADD	Domestic EPCs
ADDRE	Delete the blank space in ADD	Domestic EPCs
ADDREC	Delete the comma in ADDRE	Domestic EPCs
ADD1C	Delete all the '/' , ' .', ''' punctuation characters and blank space in ADD1	Domestic EPCs
ADD1CC	Delete '-' punctuation characters in ADD1C	Domestic EPCs

ADD1C2	Delete the comma in ADD1C	Domestic EPCs
ADD1C3	Delete all the comma and blank space in ADD1	Domestic EPCs
ADD1C6	Delete the 'UNIT ' in ADD1, then delete all the comma and blank space	Domestic EPCs
ADD1C4	Delete ''' punctuation characters in ADD1C3	Domestic EPCs
ADD1C5	Delete the '.' and blank space in ADD1	Domestic EPCs
ADD1C7	Delete all the comma and blank space in ADD1	Domestic EPCs
ADD1C8	Delete all the comma in ADD1C5	Domestic EPCs
ADD1C9	Delete the all the blank space in ADD1	Domestic EPCs
ADD1C10	Delete the '/' punctuation characters in ADD1	Domestic EPCs
ADD12C2	Delete the comma in ADD12	Domestic EPCs
ADD12C	Delete ' .', ''' ,'/' punctuation characters in ADD12	Domestic EPCs
ADD12C1	Delete ' .', ''' ,'/' punctuation characters and comma in ADD12	Domestic EPCs
ADD12C3	Delete all ' .', ''' ,'/' , '-' punctuation characters and comma in the ADD12	Domestic EPCs
ADD12C4	Delete all the ' .', '-' ,'/' and blank space in ADD12	Domestic EPCs
ADD12C5	Delete all the ' .', ',' and blank space in ADD12	Domestic EPCs
ADD13C	Delete ' .', ''' ,'/' punctuation characters and blank space in ADD13	Domestic EPCs
ADD13C1	Delete the comma in ADD13C	Domestic EPCs
ADD13C2	Delete the comma in ADD13	Domestic EPCs

ADD23C	Delete ' .', ''' ,'/' punctuation characters in ADD23	Domestic EPCs
ADD23C1	Delete the comma in ADD23C	Domestic EPCs
ADD161	For the ADD1 contain a comma, then select the text before the first comma	Domestic EPCs
ADD162	For the ADD1 contain a comma and '-' punctuation character, then select the string after the first comma, then delete the '-' punctuation character	Domestic EPCs
ADD165	For the ADD1 contain a comma and '.' punctuation character, then select the string after the first comma, then delete the '.' punctuation character	Domestic EPCs
add1sp	For the ADD2 is not start with number string and also does not contain a word with one character, select the string before the first blank space in ADD1	Domestic EPCs
add63	Delete '-' and '.' in add162	Domestic EPCs
add1nnn	Delete 'NO ' string in ADD1, then delete all the comma	Domestic EPCs
ADD1df1	Delete 'FLAT ' string in ADD1 , then select the string the first string before the first word boundary, then delete the comma	Domestic EPCs
ADD1du	Delete the 'UNIT ' string in ADD1 , then delete all the comma and blank space	Domestic EPCs
ADD163	Select the string before the first blank space in ADD1	Domestic EPCs
add261	For the add2 contain a comma, then select the string before the first comma	Domestic EPCs
add263	Select the string before the first blank space in ADD2, then delete comma	Domestic EPCs
add31	Delete ''','.' and '/' in ADD3	Domestic EPCs
fladd1c	Delete all the blank space in fladd1	Domestic EPCs
fladdc	Delete all the comma in the fladd	Domestic EPCs
ADD1dff	For the ADD1 has 'FLAT ', delete 'FLAT ' string in ADD1	Domestic EPCs
add264	Select the string after the first blank space in ADD2	Domestic EPCs

add2641	Select the string after the first comma in ADD2	Domestic EPCs
apADD1	Delete '-' , '/' , ' .', ''' ',' punctuation characters and blank space in apadd1	Domestic EPCs
ADDr61	For the ADD contain a comma, then select the string before the first comma	Domestic EPCs
ADDr62	For the ADD contain a comma and -punctuation character, then select the string after the first comma, then delete the '-' , ''', '.' and '/'punctuation character	Domestic EPCs
add361	For the ADD3 contain a comma, then select the text before the first comma	Domestic EPCs
ADDC5	Delete all the '/' , ' .' punctuation characters and blank space in ADD	Domestic EPCs
ADDC7	Delete all the '-' punctuation characters and blank space in ADD	Domestic EPCs
ADDC8	Delete all the '.',''' punctuation characters and blank space in ADD	Domestic EPCs
ADDC9	Delete all the '.',''' and '/' punctuation characters in ADD	Domestic EPCs
ADDC10	Delete all the '-' , '/' , ' .', ''' ',' punctuation characters and blank space in ADD	Domestic EPCs
ADD262	For the ADD2 contain a comma character, then select the string after the first comma	Domestic EPCs
add1f61	For the ADD1 in EPC data has 'FLAT ' string, then delete the FLAT ' string, then subset the string before the first comma , then delete the all the comma	Domestic EPCs
add1f61f2	Combine 'FLAT ' and add1f61 , then combine ADD2 with a comma and a blank space, then delete all the blank space and comma.	Domestic EPCs
adddap	Delete 'APARTMENT ' string in ADD , then delete all the blank space	Domestic EPCs
saonn	Delete all the '/' punctuation characters in SAON	Land Registry PPD
paonn	Delete all the ''', '.' punctuation characters in PAON	Land Registry PPD
paonn61	Select the string before the first comma in paonn	Land Registry PPD
paonn2	Delete comma and blank space in PAON	Land Registry PPD

paonn3	Delete '-' and blank space in PAON	Land Registry PPD
streetn	Delete all the ''' punctuation characters in street	Land Registry PPD
streetn1	Delete '-' , ' .', ''' punctuation characters and blank space in street	Land Registry PPD
streetn2	Delete '-' , ''' punctuation characters and blank space in street	Land Registry PPD
streetn5	Delete '/' , ' .', ''' punctuation characters and blank space in street	Land Registry PPD
localityn	Delete all the ''', '.' punctuation characters in locality	Land Registry PPD
saonpaonstreet31	Delete the comma in saonpaonstreet3	Land Registry PPD
saonpaonstreetn31	Delete the comma in saonpaonstreetn3	Land Registry PPD
paon61	For the PAON contain comma, subset the text before the first comma	Land Registry PPD
paon61c	Delete all the blank space in paon61	Land Registry PPD
paon62	For the PAON contain comma, subset the string after the first comma	Land Registry PPD
paon64	Subset the string before the first blank space in PAON	Land Registry PPD
paon641	Subset the string after the first blank space in PAON	Land Registry PPD
paon65	For the PAON contain comma, Extract the last word from PAON	Land Registry PPD
paon65n	For the paonn contain comma, subset the string after last blank space in paonn	Land Registry PPD
saon2	Delete 'APARTMENT ' string in SAON	Land Registry PPD
fldsaon	For SAON contain 'FLAT' string and PAON not start with number string. Delete 'FLAT ' string in SAON	Land Registry PPD
fldsaon1	For SAON contain 'FLAT' string and PAON start with number string. Delete 'FLAT ' string in SAON	Land Registry PPD

saon7	Replace 'FLAT ' string to 'APARTMENT ' string in SAON	Land Registry PPD
saon71	Replace 'FLAT ' string to 'APARTMENT ' string in saonn	Land Registry PPD
saonn4	Delete 'FLAT ' string in saonn	Land Registry PPD
saon1	Replace 'APARTMENT ' string to 'FLAT ' string in saonn	Land Registry PPD
saonn2	Delete 'APARTMENT ' string in saonn	Land Registry PPD
saonn3	Delete '.' And ' / ' in SAON	Land Registry PPD
ADD1num	Extract the number string in ADD1	Land Registry PPD
saonn5	For SAON contain 'APARTMENT ' , replace 'APARTMENT ' string to 'UNIT ' string in SAON and then delete '/' punctuation characters	Land Registry PPD
sao1	Replace 'APARTMENT ' string to 'FLAT ' string in SAON	Land Registry PPD
saon8	Replace 'LOFT ' to 'FLAT ' in SAON	Land Registry PPD
saon4	Delete 'FLAT ' string in SAON	Land Registry PPD
paon6164	Select the number string from paon61	Land Registry PPD
paon6163	Select all the non-digitals from paon61	Land Registry PPD
paon11	Delete all the comma in the PAON	Land Registry PPD
ADD12	Combine ADD1 and ADD2 with a comma and a blank space, then delete all the blank space	Domestic EPCs
ADD12new	Combine ADD1 and add2new with a blank space, then delete the '/' , '.', '" punctuation characters, blank space and comma	Domestic EPCs
ADD13	Combine ADD1 and ADD3 with a comma and a blank space , then delete all the blank space	Domestic EPCs
ADD23	Combine ADD2 and ADD3 with a blank space , then delete all the blank space	Domestic EPCs

ADD66	Combine ADD161 and ADD162 with a comma and a blank space , then delete all the comma and blank space	Domestic EPCs
ADD662	Combine ADD66 and ADD2 with a comma and a blank space ,then delete the comma and blank space	Domestic EPCs
ADD67	Combine ADD161 and ADD165 with a comma and a blank space , then delete all the comma and blank space	Domestic EPCs
ADDSP12	Combine add1sp and add2 with a comma and a blank space, then delete the comma and blank space	Domestic EPCs
ADD68	Combine add161 and add63 with a comma and a blank space , then delete ''' and blank space	Domestic EPCs
ADD69	Combine add1nn and ADD2 with a comma and a blank space, then delete all the blank space	Domestic EPCs
ADD1632	Combine ADD163 and ADD2 with a blank space , then delete all the comma and blank space	Domestic EPCs
flADD	Combine 'FLAT ' string and ADD with a comma and a blank space , then delete all the comma and blank space	Domestic EPCs
ADD2611	Combine add261 and add1 with a comma and a blank pace , then delete all the comma and blank space	Domestic EPCs
fladd1	Combine 'FLAT ' and ADD1 with a blank space	Domestic EPCs
fladd	Combine 'FLAT ' and ADD with a blank space , then delete all the blank space	Domestic EPCs
flADD13	Combine fladd1 and add31 with a blank space , then delete all the comma and blank space.	Domestic EPCs
ADD5	Combine add263 and ADD1dff , then combine add264, then delete all the blank space	Domestic EPCs
apadd1	Combine 'APARTMENT ' and ADD1 with a blank space	Domestic EPCs
ADDr66	Combine ADDr61 and ADDr62 with a comma and a blank space , then delete all the comma and blank space	Domestic EPCs
ADD6	Combine ADD1 and ADD2 with a comma and a blank space , then combine add361 with a comma and a blank space ,then delete all the, '/' , ' .', ''' punctuation characters and blank space	Domestic EPCs
add12643	Combine ADD1 and add2641 with a comma and a blank space, then combine add3 with a comma and a blank space, then delete all the blank spaces	Domestic EPCs
ADD1264	Combine ADD1 and add264 with a comma and a blank space , then delete all the blank space and comma	Domestic EPCs

ADD8	Combine ADD1C10 and ADD2 with a comma and a blank space ,then delete all the blank space	Domestic EPCs
ADD7	Combine ADD161 and ADD2 with a blank space , then delete all the blank space	Domestic EPCs
ADD1num2	Combine ADD1num and ADD2 with a comma and a blank space , then delete, '/' , ' .', ''' punctuation characters and all blank space	Domestic EPCs
ADD1262	Combine ADD1 and ADD262 with a comma and a blank space , then delete all the blank space	Domestic EPCs
ADD1262C	Combine ADD1 and ADD262 with a comma and a blank space , then delete all the blank space and comma	Domestic EPCs
ADD1262cc	Combine ADD1 and ADD262 with a comma and a blank space , then delete all the blank space and '''	Domestic EPCs
apadd1632	Combine 'APARTMENT' and add163 with a blank space , then combine with ADD2 with a comma and a blank space , then delete all the blank space and comma	Domestic EPCs
saonpaonstreet	Combine SAON and PAON with a comma and a blank space , then combine street with a blank space, then delete all the blank space	Land Registry PPD
saonpaonstreet5	Combine SAON and PAON with a comma and a blank space , then combine street with a blank space, then delete all the blank space and cooma	Land Registry PPD
saonpaonstreet1	Combine SAON and PAON with a comma and a blank space , then combine street with a comma and a blank space, then delete all the blank space	Land Registry PPD
saonpaonstreet2	Combine SAON and PAON with a blank space and then remove leading and trailing whitespace, then combine street with a comma and a blank space, then delete all the blank space	Land Registry PPD
saonpaonstreetn	Combine saonn and paonn with a comma and a blank space, then combine streetn with a blank space, then delete all the blank space	Land Registry PPD
saonpaonstreetn1	Combine saonn and paonn with a comma and a blank space, then combine streetn with a comma and a blank space, then delete all the blank space	Land Registry PPD
saonpaonstreetn2	Combine saonn and paonn with a blank space , then combine streetn with a comma and a blank space, then delete all the blank space	Land Registry PPD
saonpaonlo	Combine SAON and PAON with a blank space, then combine locality with a comma and a blank space, then delete all the blank space	Land Registry PPD
saonpaonlon	Combine saonn and paonn with a blank space, then combine localityn with a comma and a blank space, then delete all the blank space	Land Registry PPD
saonpaonstreet3	Combine SAON and PAON with a blank space, then delete combine street with a blank space, then delete all the blank space	Land Registry PPD
saonpaonstreetn3	Combine saonn and paonn with a blank space, then delete combine streetn with a blank space, then delete all the blank space	Land Registry PPD

saonpaonstreetlo	Combine SAON and PAON with a comma and a blank space , then combine street with a comma and a blank space, then combine locality with a comma and a blank space, then delete all the blank space	Land Registry PPD
saonpaonstreetnlo	Combine saonn and paonn with a comma and a blank space, then combine streetn with a comma and a blank space, then combine localityn with a comma and a blank space,, then delete all the blank space	Land Registry PPD
saonpaon1	Combine SAON and PAON with a blank space, then delete all the blank space	Land Registry PPD
saonpaon2	Combine SAON and PAON with a comma and a blank space, then delete all the blank space and all the blank space	Land Registry PPD
saonpaon3	Combine SAON and PAON with a comma and a blank space	Land Registry PPD
paonstreetlo	Combine PAON and street with a comma and a blank space, then combine locality with a comma and a blank space, then delete all the blank space	Land Registry PPD
paonstreetnlo	Combine paonn and streetn with a comma and a blank space, then combine localityn with a comma and a blank space, then delete all the blank space	Land Registry PPD
paonstreetlo1	Combine PAON and street with a blank space, then combine locality with a comma and a blank space, then delete all the blank space	Land Registry PPD
paonstreetnlo1	Combine paonn and streetn with a blank space, then combine localityn with a comma and a blank space, then delete all the blank space	Land Registry PPD
paonstreetlo2	Combine PAON and street with a blank space, then combine locality with a blank space, then delete all the blank space and comma	Land Registry PPD
paonstreetn	Combine PAON and streetn with a comma and a blank space, then delete all the blank space	Land Registry PPD
paon66	Combine paon61 and paon62 with a comma and a blank space, then delete the blank space	Land Registry PPD
paon65streetlo	Combine paon65 and street with a comma and a blank space, then combine locality with a comma and a blank space, then delete all the blank space	Land Registry PPD
paon65streetnlo	Combine paon65n and streetn with a comma and a blank space, then combine localityn with a comma and a blank space, then delete all the blank space	Land Registry PPD
paon65streetlo1	Combine paon65 and street with a blank space, then combine locality with a blank space, then delete all the blank space and comma	Land Registry PPD
paon61streetlo	Combine paon61 and street with a comma and a blank space, then combine locality with a comma and a blank space, then delete all the blank space	Land Registry PPD
paon61streetlo1	Combine paon61 and street with a blank space, then combine locality with a blank space, then delete all the blank space and comma	Land Registry PPD
paon61lo	Combine paon61 and locality with a comma and a blank space, then delete all the blank space	Land Registry PPD

paon61street	Combine paon61 and street with a blank space, then delete all the blank space and comma	Land Registry PPD
paon65street	Combine paon65 and street with a blank space, then delete all the blank space and comma	Land Registry PPD
paon66streetlo	Combine paon62 and paon61 with a blank space, then combine street with a blank space, then combine locality with a blank space, then delete all the comma and blank space	Land Registry PPD
paon65streetlo	Combine paon65 and street with a comma and a blank space, then combine locality with a comma and a blank space, then delete all the comma and blank space	Land Registry PPD
paon61new	Combine 'THE' and paon61 with a blank space	Land Registry PPD
paonstreetlo3	Combine PAON and street with a comma and a blank space, then combine locality with a comma and a blank space, then delete all the blank space and comma	Land Registry PPD
paonstreet	Combine PAON and street with a comma and a blank space, then delete all the comma and blank space	Land Registry PPD
paonstreetn1	Combine PAON and streetn1 with a comma and a blank space, then delete all the comma and all the blank space	Land Registry PPD
paonstreet1	Combine PAON and street with a comma and a blank space, then delete all blank space	Land Registry PPD
paonstreet2	Combine PAON and street with a blank space, then delete all blank space	Land Registry PPD
paon62streetlo	Combine paon62 and street with a comma and a blank space, then combine locality with a comma and a blank space, then delete all the blank space	Land Registry PPD
paon62streetlo1	Combine paon62 and street with a blank space, then combine locality with a blank space, then delete all the blank space and comma	Land Registry PPD
paonflat	Combine 'FLAT' string and PAON with a blank space	Land Registry PPD
paonfstreet	Combine paonflat with street with a comma and a blank space, then delete all the blank space	Land Registry PPD
paonap	Combine 'APARTMENT' string and PAON with a blank space	Land Registry PPD
paonapstreet	Combine paonap with street with a comma and a blank space, then delete all the blank space	Land Registry PPD
paonfstreet1	Combine paonflat with street with a blank space, then delete all the blank space	Land Registry PPD
paonfstreetn5	Combine paonflat with streetn5 with a blank space, then delete all the blank space	Land Registry PPD

paonstreet3	Combine PAON and street with a blank space, then delete all blank space and comma	Land Registry PPD
paonapstreet1	Combine paonap with street with a blank space, then delete all the blank space	Land Registry PPD
paonapstreet2	Combine paonap with street with a blank space, then delete all the blank space and comma	Land Registry PPD
paonapstreetn5	Combine paonap with streetn5 with a blank space, then delete all the blank space	Land Registry PPD
paonstreet4	Replace 'FLAT' to ' APARTMENT' in paonstreet3	Land Registry PPD
paonfl1	Combine 'FLAT,' string and PAON with a blank space	Land Registry PPD
paonf1streetn5	Combine paonfl1 with streetn5 with a comma and a blank space, then delete all the blank space	Land Registry PPD
paonfstreetn6	Combine paonflat with streetn5 with a comma and a blank space, then delete all the blank space	Land Registry PPD
flpaon3streetn5	Combine 'FLAT ' string and paon with a blank space, then combine with streetn5 with a blank space then delete all the blank space and '-'	Land Registry PPD
saonpaon65street	Combine SAON and paon65 with a comma and a blank space, then combine street with a comma and a blank space, then delete all the blank space	Land Registry PPD
saonpaon62streetn2	Combine SAON and paon62 with a comma and a blank space, then combine streetn with a blank space, then delete all the blank space	Land Registry PPD
saonpaon61street	Combine SAON and paon61 with a blank space, then combine street with a comma and a blank space, then delete all the blank space and comma	Land Registry PPD
saonpaon62streetn	Combine SAON and paon62 with a blank space, then combine streetn with a blank space, then delete all the blank space	Land Registry PPD
saonpaonn	Combine saonn and paonn with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon2street	Combine saon2 and street with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon2paon61street	Combine saon2 and paon61 with a blank space, then combine street with a comma and blank space, then delete all the blank space.	Land Registry PPD
flsaonpaonstreet0	Combine flsaon and PAON with a comma and a blank space and then combine street with a comma and a blank space	Land Registry PPD
flsaonpaon1	Combine flsaon and PAON with a blank space, then delete all the blank space	Land Registry PPD

flsaonpaon2	Combine flsaon and PAON with a comma and a blank space, then delete all the blank space	Land Registry PPD
flsaon	For the SAON start with number string , combine 'FLAT' string with SAON with a blank space	Land Registry PPD
flsaon1	For the SAON start with number string , combine 'FLAT' string with saonn with a blank space	Land Registry PPD
flsaon3	combine 'FLAT' string with SAON with a blank space	Land Registry PPD
flsaon1paonstreetn2	Combine flsaon1 with paonn with a comma and a blank space, then combine the streetn2 with a comma and a blank space, then delete all the blank space	Land Registry PPD
flsaonpaonstreet1	Combine flsaon with PAON with a blank space, then combine the street with a blank space, then delete all the blank space and comma	Land Registry PPD
flsaonpaon62street1	Combine flsaon and paon62 with a blank space, then combine street with a blank space, then delete all the blank space and comma	Land Registry PPD
fldsaonpaonstreet1	Combine fldsaon and PAON with a blank space, then combine street with a blank space, then delete all the blank space and comma	Land Registry PPD
saon7paonstreet1	Combine saon7 and PAON with a comma and a blank space, then combine street with a blank space, then delete all the blank space	Land Registry PPD
saon7paonstreet2	Combine saon7 and PAON with a blank space, then combine street with a blank space, then delete all the blank space and comma	Land Registry PPD
apsaon	For SAON starts with number string, combine 'APARTMENT' string with SAON with a blank space	Land Registry PPD
apsaonpaonstreet1	Combine apsaon and PAON with a blank space, then combine street with a blank space, then delete all the blank space and comma	Land Registry PPD
saon7paonstreetn	Combine saon71 and paonn with a comma and a blank space, then combine street with a blank space, then delete all the blank space	Land Registry PPD
saon7paonn	Combine saon7 and paonn with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon7paon	Combine saon7 and PAON with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon4paonstreetn	Combine saonn4 and paonn with a comma and a blank space, then combine streetn with a blank space, then delete all the blank space	Land Registry PPD
saon4paonstreetn1	Combine saonn4 and paonn with a blank space, then combine streetn with a comma and a blank space, then delete all the blank space	Land Registry PPD
apsaonpaon6streetn	Combine apsaon and paon62 with a comma and a blank space, then combine streetn with a blank space, then delete all the blank space	Land Registry PPD

flsaonpaonstreetn	Combine flsaon and PAON with a comma and a blank space, then combine with streetn with a blank space, then delete all the blank space	Land Registry PPD
saon4paonstreetn3	Combine saonn4 and paonn with a blank space, then combine streetn with a blank space, then delete all the blank space	Land Registry PPD
saon4paonstreetn4	Combine saonn4 and paonn with a comma and a blank space, then combine streetn with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon1paonstreetn	combine saon1 and paonn with a blank space, then combine streetn with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon1paonstreetn1	Combine saon1 and paonn with a comma and a blank space, then combine streetn with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon1paonstreetn2	Combine saon1 and paonn with a blank space, then combine streetn with a blank space, then delete all the blank space and comma	Land Registry PPD
saon2paonstreetn3	Combine saonn2 and paonn with a blank space, then combine streetn with a blank space, then delete all the blank space	Land Registry PPD
saon2paonstreetn2	Combine saonn2 and paonn with a blank space, then combine streetn with a comma and a blank space, then delete all the blank space	Land Registry PPD
saonn2paonn1	Combine saonn2 and paonn with a blank space, then delete all the blank space	Land Registry PPD
saonpaon62street	Combine SAON and paon62 with a comma and a blank space, then combine street with a blank space, then delete all the blank space	Land Registry PPD
saon2paonstreetn	Combine saonn2 and paonn with a comma and a blank space, then combine street with a blank space, then delete all the blank space	Land Registry PPD
saonn3paonnstreet	Combine saonn3 and paonn with a comma and a blank space, then combine street with a blank space, then delete all the blank space	Land Registry PPD
saonn2paonn1streetn	Combine saonn2 and paonn with a comma and a blank space, then combine street with a blank space, then delete all the blank space	Land Registry PPD
saonpaon62streetn1	Combine SAON and paon62 with a comma and a blank space, then combine streetn with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon1paonstreet6n	Combine saon1 and paon62 with a comma and a blank space, then combine streetn with a comma and a blank space,then delete all the blank space	Land Registry PPD
saon1paonstreet6n1	Combine saon1 and paon62 with a comma and a blank space, then combine street with a blank space,then delete all the blank space	Land Registry PPD
saon2paonstreetn4	Combine saonn2 and paonn with a comma and a blank space, then combine streetn with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon5paonstreetn1	Combine saonn5 and paonn with a blank space, then combine streetn with a comma and a blank space, then delete all the blank space	Land Registry PPD

paonsaon2streetn	Combine paonn and saonn2 with a blank space, then combine streetn with a blank space, then delete all the blank space	Land Registry PPD
paon62saonpstreet	Combine paon62 and saon with a blank space, then combine paon61 with a blank space and then combine street with a comma and a blank space, then delete all the blank space and comma	Land Registry PPD
saonpaon66street	Combine saonn and paon62 with a comma and a blank space, then combine paon61 with a blank space, then combine street with a blank space,then delete all the blank space and comma	Land Registry PPD
saon1paonstreetn3	Combine saon1 and PAON with a comma and a blank space, then combine streetn with a blank space, then delete all the blank space	Land Registry PPD
saon1paonstreet	Combine sao1 and PAON with a comma and a blank space, then combine street with a blank space, then delete all the blank space	Land Registry PPD
saon2paonlo	Combine saon2 and PAON with a blank space, then combine locality with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon1paon	Combine sao1 and PAON with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon1paon61street	Combine sao1 and paon61 with a blank space, then combine street with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon1paon1	Combine sao1 and PAON with a blank space, then delete all the blank space	Land Registry PPD
psaonpaonstreet	Combine paon64 and SAON, then combine paon641 with a blank space, then combine street with a comma and a blank space, then delete all the blank space and comma	Land Registry PPD
saon2paon62street	Combine saon2 and paon62 with a comma and a blank space, then combine street with a comma and a blank space, then delete all the blank space	Land Registry PPD
saon2paonstreet	Combine saon2 and PAON with a blank space, then combine street with a comma and a blank space, then delete all the blank space	Land Registry PPD
flsaonpaonstreet	Combine flsaon with PAON with a comma and a blank space, then combine the street with a comma and a blank space, then delete all the blank space and comma	Land Registry PPD
psaon8street	Combine PAON and fldsaon1 , then combine street with a blank space then delete al the blank space and comma	Land Registry PPD
saonstreet	Combine SAON and street with a comma and a blank space, then delete all the blank space	Land Registry PPD
saonstreet1	Combine SAON and street with a blank space, then delete all the blank space and comma	Land Registry PPD
saonstreet2	Combine SAON and street with a comma and a blank space, then delete all the blank space and comma	Land Registry PPD
